2 factory assembled mobile post kits, 4 each premium swivel casters with total locking brake, 4 shelf traverses, vented shelf plates, and 1 each full wrap security cage. Ships in 2 boxes.
- **Single Shelf Security Cage ships in 1 box.**

Features & Benefits

- Security cages offer strong, secure storage for valuable products such as liquor, china, silverware or linens. Store perishable high value meat or fish products in cooler or freezer. Safely store flammable canned heat product used with chafing dishes and/or room service hot boxes.
- Full wrap security cage units, stationary or mobile, offer maximum storage with easy access to contents. Additional shelf kits may be ordered and added to unit at time of assembly. NOTE: Bottom shelf must be vented only.
- Single shelf security cage installs easily onto one shelf (vented shelf only) where needed. Fits perfectly on 24" x 48" shelf or longer. Requires 18" open space between shelves.
- Cages made of heavy duty, 304 stainless steel for use in any environment. Lock not included.
- Posts and traverses have a steel core and smooth polypropylene exterior for superior strength and durability. Traverse dovetails are molded into posts.
- Premium caster is made of highly durable, non-corrosive plastic with a 5" (12,7 cm) swivel, non-marking thermoplastic rubber wheel. Total locking brake locks both swivel motion and the wheel.
- Uniquely engineered Post Connectors offer exceptional cross stabilization. Weight bearing is uncompromised.
- Posts and traverses easily wipe clean. Traverses can be removed and adjusted at 4" (10,2 cm) increments.
- Requires some assembly with minimal parts. Use a rubber mallet only.
- Lifetime warranty against rust and corrosion (posts, traverses and shelf plates).
- Available in 1 color – Speckled Gray (480).
